

## Galactic Pizza's Vision of the Future

At Galactic Pizza we have a positive vision of the future on our planet. We see a world that lacks the greed and self centeredness that has led us into the chaotic state that we see today. We see a world full of cooperation, sustainability, and harmony with our surroundings.

In order to help achieve this positive vision, we strive to be the perfect example of what is called a values led company. This means that we realize that we have a responsibility to the people and community that make our existence possible. In order to fulfill this responsibility, we seek to maximize our impact by integrating as many socially beneficial actions into our day to day operations as possible. By incorporating a concern for the community—local, national, and global—our restaurant can make positive impact on the world in which it operates.

Here are a few of the values led activities we are currently engaging in:

- When conditions allow, our food is delivered to your door using 100% electric vehicles.
- All of the power purchased to run our restaurant is renewable wind energy.
- All of our mozzarella cheese comes from cows not treated with rBGH growth hormones.
- We have incorporated a number of organic items into the menu.
- We have the Second Harvest Heartland pizza, where \$1 is donated to this hunger relief organization every time the pizza is ordered.
- We strive to use packaging that is either made from recycled materials, or is 100% biodegradable.
- We incorporate hemp products into each menu category, and print our menu on hemp paper. Hemp is not only good for you, it is also very good for the Earth.
- In season, we try to purchase our produce from farmers here in Minnesota or in nearby Wisconsin.
- We have an in depth waste reduction program utilizing composting for food waste and recycling whenever possible.
- 5% of our pre-tax profits are donated to charity.

Just take a moment and imagine what the world could be like if every restaurant, store, corporation, etc., were run this way. It would be beautiful, and we will have taken one giant step towards fulfilling Galactic Pizza's vision of a sustainable and harmonious Earth. Thank you so much for being a valued customer and supporting our dream.

## Appetizers
